YORK GIRL, 20, PLEADS GUILTY IN RAID COUNT; SIX GIVE BAIL

One York girl pleaded guilty, but five other defendants were given hearings and were held for January court Monday evening by Justice of the Peace John H. Baschore on charges laid by state police following last Thursday night's raid at Natural Springs park. All of the defendants were released on bail for court.

Testimony for the Commonwealth was given by Private Joseph Van Nort of the Gettysburg substation of the state police, who had observed the crowd at the park for about two hours Thursday evening before the raid. He described the dancing as "not decent, vulgar and conveying the wrong ideas to the teen-agers in the crowd." One dance in particular he said was "just terrific and got the crowd in an uproar."

Justice Baschore's offices were jammed by a crowd of a hundred or more who filled all the chairs and stood in outer offices to hear the testimony and get a glimpse of the line of defendants as they sat in front of the Justice.

Gave "Phony" Name
Barbara Ann Schellenberger, 20, York, who at the time of her arrest gave her name as "Bennett," pleaded "guilty" to a charge of open lewdness and signed a plea. She later renewed \$500 bond for January sentence court.

The other defendants entered pleas of "not guilty" and later questioned Private Van Nort and testified in their own behalf. After they had been held for court, each furnished \$500 bail on each charge for trial in January.

The defendants held by Justice Baschore are: Barbara Ann Saunders, 20, colored, 127 South Franklin street; Raymond Franklin Carter, 21, colored, Gettysburg R. 1; Frank Steve Gufrida, 19, of 141 East Charles lane, York, all charged with open lewdness; Ralph Eugene Callmer, 19, of 117 West King street, York, open lewdness and gambling; and Dennis Joseph Eline, 20, 215 West King street, York, gambling.

Charges Are Denied
The defendants in their own testimony gave general denials of the charges. Miss Saunders said she "wasn't dancing" and pointed to a negro girl in the crowd of spectators at the hearing as the girl who was dancing with Carter at the time described by Van Nort.

Carter said he had danced "only half a number with her" gesturing toward the two girl defendants without indicating which he meant. He said the officer "is absolutely wrong."

Gufrida said most of the dances were slow "and only one fast enough for that kind of dancing." He said he started that number with the Schellenberger girl but Callmer "cut in." He concluded, "I think you've got the wrong boy."

Callmer asked more details of the gestures he was accused of making as he danced.

Admits Gambling Charge

The gambling charges against Callmer and Eline then were taken up. Van Nort said the pair, with Charles Robert "Skip" Shealer, 19, Gettysburg, had tossed coins on the dance floor during intermission and Shealer produced dice, rolled them and then gathered up the money. The officer said the dice rolling occurred within 10 feet of where he was sitting. Shealer already has pleaded guilty to the gambling charge. Callmer testified he was outside during intermission.

Bonds for several of the defendants were furnished by E. W. Toddes, who was in the crowd during the hearings.

SHETTER HOST TO GHS SQUAD; HARLOW TALKS

Richard "Dick" Harlow, former Harvard university football coach, told members of Gettysburg high school's undefeated grid team at a banquet at the Shetter House Monday evening. "For every bad thing you hear about football, I'll show you five bad senators."

The dinner, which is tendered to the high school griders annually by Mr. and Mrs. Cloyd Shetter, was attended by cheerleaders, athletic council members, college coaches and others.

Harlow championed football as a teacher of self control, self sacrifice, courage, fair play, discipline and loyalty. "There's a lot wrong with football," he stated, "but there's a lot right with it."

Street Decorations Are Being Erected

Placing of the 1951 holiday season decorations on Lincoln Square and the first blocks of the intersecting business streets by the Gettysburg Retail Merchants association was begun Monday.

Charles B. Bender, president of the association, said it was planned to have the decorations completed and the lights turned on Saturday evening.

Christmas trees have been placed at each light standard around the square, and facing the sidewalk on each standard will be a plaque of an old English choir boy holding a book of Christmas carols.

Large red bells, made of a plastic material, are also being placed, and a large 40-foot Christmas tree will be placed in the center plot.

DR. J. W. COLEMAN NAMED HEAD OF LINCOLN GROUP

Dr. J. Walter Coleman, superintendent of the Gettysburg National cemetery, was elected president of the Lincoln Fellowship of Pennsylvania Monday afternoon at the annual meeting held at the Hotel Gettysburg in connection with the Dedication Day exercises here.

Doctor Coleman, who was secretary-treasurer of the organization last year, succeeds John D. Lippy, Jr., who was named secretary-treasurer. Myles Keiffer, Manheim, was elected vice president.

Dr. Francis B. Haas, head of the state's Department of Public Instruction, was the principal speaker. He brought greetings from Governor John S. News Collected At Random

The mercury was below freezing. The molekin and jersey-clad squad of 45 was being put through reaction drills, defense reviews, passing, kicking, running and other forms of tapering-off rehearsals preparatory to the closing football game of the season at Lancaster Thanksgiving Day.

Coaches Bream, Yovincin and Shainline were tenser than usual. At 4:50 p.m. Monday afternoon, after only 45 minutes of drills, Head Coach Bream called a halt and sent his charges into the Eddie Plank gymnasium with this casual remark: "I've something I want to tell you."

In the basement dressing room, where he had watched hundreds of football players come and go for 25 years, Bream stood before his squad. Some were seated on benches. Some lounged on the floor. They were tense, expectant. This was the youngest squad he had ever coached at his alma mater. He dreaded what he was going to say. He glanced around the room, at the ceiling, at the smudged and dirty faces of his players and spoke:

"Fellows, I'm going to retire from football coaching after Thursday's game with Franklin and Marshall."

There was a gasp of amazement from most of the squad. Some of the seniors had heard that their mentor was retiring and they anticipated this meeting. But to most of them it was a complete surprise. They were stunned. There were few dry eyes.

Then in a choking voice, hesitantly and visibly moved, the red-haired mentor, who will be 52 years old tomorrow, praised the team.

HAVE 2 PLANS ON REORGANIZATION FOR INDUCTIVE

The possibility that two plans for reorganization of the Inductive Equipment corporation may be submitted at a hearing scheduled for November 30 at Harrisburg was revealed today.

J. W. Hennessey, York, trustee of Inductive Equipment, will present a plan under which the assets of the local corporation will be transferred to the Essex Wire corporation, Detroit, for \$218,427.50 with the Essex Wire corporation, taking over operation of the plant located in Quarry Park.

While the Hennessey plan was being studied locally, Charles W. Wolf, attorney for Inductive Equipment corporation, said that a "strong possibility exists for the filing of an additional plan of reorganization with the trustee by November 30 or shortly thereafter by parties in Washington and New York."

"Greatly Impressed"

"These parties have made a thorough physical inspection of the plant and explored and reviewed all of the financial and other factors involved in a reorganization. They have been greatly impressed with both the plant and community and submission of a generally very favorable plan of reorganization is dependent only upon their being able to come to definite terms among themselves in setting up a new corporation which would combine not only the local plant as a manufacturing unit, but an additional plant for a source of raw material. The business would be precision tool castings, the manufacturing of a steel strapping machine covered by recent patents and extensively sold on the west coast and the cutting and coiling of steel strapping bands."

Under the plan proposed by Hennessey, to be submitted at the hearing in the federal court house at Harrisburg November 30, title and possession of all assets of Inductive Equipment, including real estate, plant building, machinery and equipment, furniture, fixtures, tools, dies, cuts, accounts receivable, raw materials and inventories and all miscellaneous property will be transferred to the Essex Wire corporation, of Detroit, or a new corporation to be formed for such purpose. The transfer of the property will be clear of all mortgages, liens, encumbrances, claims, etc.

If Essex, which has 19 subsidiary plants, including one at Easton, is permitted to take over, it "proposes and intends to continue the operation of the business of the Inductive Equipment Corporation as a going concern in Gettysburg," according to (Please Turn to Page 2)

Jury Still Out On Contract Decision

A jury in the case of C. Quentin Smith, doing business as the Keystone Grate and Blower Works, Chambersburg R. 1, against Harry A. and Ruth G. Wolfe, Fayetteville R. 1, was still out at 1:15 o'clock this afternoon.

The case, in which the plaintiff sought to collect \$1,397.91 alleged owing on a contract for the installation of plumbing and heating equipment in a home being erected by the Wolfes, was given to the jury at 11:47 o'clock this morning.

During the testimony Monday afternoon and today, Smith admitted payments totaling \$3,597.91 on a bill of \$5,008.71, plus other allowances.

The defendants alleged that some of the work done by Smith was unsatisfactory, or that it had to be changed, resulting in claims by the plaintiff totaling approximately \$1,400.

More Donors Needed Friday

With an increased quota over last month, more donors are needed for the county's second Blood Donor Day to be held Friday in Littlestown. One hundred seventy-five prospective donors already have appointments but more are needed if the 150-pint goal is to be attained. Red Cross officials said today.

The donor center will be set up in St. Paul's Lutheran church, West King street, and will operate from 10 a.m. to 4 p.m. The canteen will be taken over by Littlestown residents and the community also will supply some of the staff aides, hostesses, registrars, a nurse and help to unload and load the bloodmobile unit that will arrive from Baltimore.

John Baschore is donor recruitment chairman in Littlestown. Although most of the donors will be from Littlestown, volunteers from any part of the county will be given appointments. Anyone may volunteer by calling Gettysburg 132. Toll charges may be reversed.

Dates for the next Donor Days were announced today as follows: January 25, February 13 and March 28—with a current quota of 150 pints set for each day.

Examine Lincoln Manuscript Here

Dr. Francis B. Haas, head of the state's Department of Public Instruction, points out for Governor Adlai Stevenson, of Illinois, a detail in the Gettysburg Address manuscript written by Abraham Lincoln. The manuscript is the second draft of the speech and is kept in the Library of Congress. The manuscript was brought here Monday for the 88th anniversary of the dedication of the Gettysburg National cemetery. Governor Stevenson was the principal speaker at exercises in the cemetery. Dr. Haas represented Pennsylvania Governor John S. Fine, who was unable to attend because of illness. The manuscript was on display at the Gettysburg National bank where the two men are shown examining the priceless document.

Two Are Tied For Top Honors In Weekly Football Contest

Two entrants in last week's Gettysburg Times weekly football contest, Jacob C. Britcher, 431 Baltimore street, and Rodney Dunlap, Biglerville R. 1, tied for first place.

Each picked correctly the winners in 13 of the 16 games listed by the 16 sponsoring merchants, and each "guessed" the same total score of the feature game between Chambersburg and Mechanicsburg high schools, 33 points. The actual total score was 21 points.

Mr. Britcher and Mr. Dunlap will divide first and second place prizes. Each will receive a merchandise certificate for \$11.25.

Without the tie, the first place winner would have received a \$15 merchandise certificate, and the second place winner a certificate good for \$7.50 worth of merchandise.

Mr. Britcher is the only "repeat" winner. Earlier in the weekly series of contests, he won third prize.

The third place winner last week was Joe Sanders, 68 West Middle street, who will receive a \$2.50 merchandise certificate. He picked correctly the results of 13 of the 16 games, but his feature score estimate was 27 points.

Communist Negotiators Request One Day Recess Of Conference; Yankee Troops Regain Lost Hill

Seoul, Korea, Nov. 20 (AP)—Allied infantrymen recaptured a hill at dawn today a few hours after losing it to 600 attacking Chinese.

The fight west of Yonchon was the only action reported on the western Korean front.

In the east, Allied infantrymen hacked out gains of 800 yards as they pushed forward along the ridges northwest of the Punchbowl.

In the Yonchon hill fight, an estimated Red battalion charged up the slopes about 3 a.m. Flashes of gunfire lit up the night as Allied infantrymen pulled back slowly before the assault.

Two hours after the battle began, the U.N. infantrymen counterattacked. Most of the Reds got out of the way. The Allies were challenged only by a few rounds of rifle and artillery fire, and soon were back in their original positions.

TOUR OF ALASKA ILLUSTRATED AT ROTARY SESSION

A tour of Alaska was outlined in an illustrated talk given Monday evening to the local Rotary club, at its meeting in the YWCA, by Edgar C. Raimo, lecturer and author, who was one of the men who took part in the original gold rush to Alaska in 1897.

Mr. Raimo remained in Alaska for 33 years, ten of them as a representative of the U. S. Treasury department during which he visited nearly every community in the area.

The pictures shown by Mr. Raimo varied from ones taken during the gold rush to pictures taken within the past year or two on his return visits to the country.

Ketchikan, he pointed out, has one advantage which no other town can boast. With a 64-foot tide, its citizens can fish or swim in some areas of their community during the morning, and play baseball there during the afternoon.

Laid Out Four Towns
Raimo said he personally laid out four of the towns in Alaska during the gold rush days, including one known as Faele.

Fifty-eight attended the meeting. Dr. Bruce N. Wolff, president, said that the club was within five of having a 100 per cent meeting, and expressed the hope that the five who failed to be present will attend "make-up" meetings at Littlestown or other Rotary clubs this week to make possible a record of 100 per cent attendance by the club for the week.

Roy Hammond was introduced as a new member of the club. Vice President Richard Dreas announced that Dr. Dunning Idle will be the speaker at next Monday's meeting, with the following week's program in charge of Dr. C. Harold Johnson.

Legion Asks VA Office Be Retained

The Albert J. Lentz post of the American Legion Monday evening adopted a resolution asking the Veterans Administration to retain its sub-district office at Harrisburg and to increase the facilities of that office.

The resolution passed after the post, at its regular meeting at the post home, Baltimore street, learned that the VA is planning to combine the Harrisburg and Wilkes-Barre offices. There are a large number of veterans in south central Pennsylvania, the resolution stated, "and to move all facilities to Wilkes-Barre would work a hardship on them and on their families, because of the inconvenience of traveling to Wilkes-Barre."

Lawrence M. Sheads, Americanism chairman for the post, reported on the two Armistice day programs held at the local high school. A number of donations were approved. James Thomas Hays, Jr., Emmitsburg, was accepted as a new member.

PLAN CHANGES AT WATER PLANT

A projected plan of improvements at the water works pumping station was discussed by the Gettysburg Municipal Authority at a meeting in the law offices of Attorney Eugene V. Bulleit, solicitor for the authority.

Members present also heard from George Weber, an engineer for Gannett, Fleming, Corddry and Carpenter, Inc., Harrisburg, consulting engineers, that the pumping station was being operated efficiently and was in good condition.

Improvements discussed included major repairs to the roof; purchase of a new lime-feeding machine; purchase of a new high and low lift pump to replace one which has been in operation for 15 years; lowering of the ceiling in part of the plant to conserve on the heating costs and construction of an additional filter needed because of increased consumption of water.

It was also decided to make repairs to a picket fence around the reservoir on Baltimore street, and to paint the fence in the spring.

Ray M. Hoffman, chairman of the Municipal Authority, presided.

Hennessey's plan.
10 Percent On Bills
Under the plan, of the \$218,427.50 to be turned over to Hennessey as trustee, \$9,000 will be allocated to pay various tax claims, \$3,763.49 will be used to pay wage claims; \$161,460 will be allocated by the trustee to distribute pro rata among the holders of the First Mortgage Bearer Bonds issued under indenture of June 8, 1949, to the Gettysburg National bank, as trustee. The outstanding bonds total \$179,400.

The sum of \$18,485.20 will be distributed among holders of judgments and general claims. The amount would permit payment of about ten percent of the total amount claimed.
A sum of \$2,963.75 will be paid to the holders of the 11,935 shares of common stock, or 25 cents a share for all outstanding stock. "All of said stockholders will transfer their shares of stock to the Essex Wire corporation or a new corporation to be formed for said purpose," the Hennessey plan provides. The shares originally sold for between \$25 and \$30.

"Upon distribution to creditors, as aforesaid," according to the Hennessey plan, "all the claims of said creditors shall be fully paid, discharged and cancelled. The Essex wire corporation shall have the privilege of requiring assignment of bonds and claims of creditors in lieu of cancellation and satisfaction of the same."

All property of the corporation will be dealt with under the plan with the exception of certain accounts receivable which have been assigned to the First National bank of Gettysburg, and to the Drovers and Mechanics National bank of York and certain inventories of finished goods and work in process which have been assigned to the two banks.

Costs and expenses of administration will be paid out of a sum of \$20,000 allocated for that purpose. A sum of \$2,735.06 has been allocated for the payment of current operating expenses. If all of that amount is not needed the remainder will be distributed to holders of judgments and general claims.

TO PAY DIVIDEND
The United Telephone Company of Pennsylvania today announced that a quarterly dividend of \$1.25 per share of preferred stock will be paid by the company on December 1.

He said he was sorry to leave and the boys knew he meant it. They, too, were sorry. It was a brief meeting. Bream spoke only a few minutes. He said he knew that every man had given his best in every game this season. He knew they would do the same in the P and M game Thursday. He said:
"You're a grand bunch of fellows and I'm proud of you."
Then he left the room.

For a few brief seconds there was stony silence in the dressing room. Then the players started to remove their practice suits. No one spoke. They showered and left the gym. One freshman, with tears in his eyes, was heard to remark: "We'll win this last one for the red-head!"

TWO BUCKNELL ACES TIED IN GRID SCORING

Philadelphia, Nov. 20 (AP)—A pair of Bucknell Bisons who held the lead at various times during the season are the apparent co-holders of the Pennsylvania college football scoring championship for 1951.

Brad Myers and Burt Talmage each scored 14 touchdowns for 84 points in leading Bucknell to its first all-victorious season. Talmage scored twice in the 33-6 win over Delaware last Saturday to tie Myers.

Fred Prender, of West Chester, was held to a single conversion by Drexel in his final game to windup in third place with 83 points. West Chester still has a post-season Prezel bowl game to play with Albright, but that scoring will not count in the state standings.

According to the Associated Press survey, Wally Witmer of Franklin and Marshall and Bob Haner of Villanova still have a chance for the scoring crown. Witmer, in ninth place, makes his final bid Thursday when F. & M. meets Gettysburg. He now has 66 points. Haner, with 61 points, may miss one of Villanova's two remaining games because of injuries.

BRISK TRADING PREDICTED AS DRAFTING ENDS

Cincinnati, Nov. 20 (AP)—A brisk trading winter was predicted today as a result of yesterday's "lean pickin'" in the annual major league draft that brought promotion to only 17 minor league players, the lowest number in years.

E. J. (Buzzy) Bavasi, effervescent vice president of the Brooklyn Dodgers, who has spent practically every waking hour of the two days that he's been here talking over possible deals with rival club representatives, didn't bother to conceal his pleasure and relief over the termination of the draft.

"Maybe now we can settle down and do some business among ourselves," he sighed. "I've talked with every National league club and some in the American. They were all anxious to do business, the same as I was. But they preferred to wait until the draft was over."

Chin Sessions Held
"Nobody wants to stand pat. There isn't a solid club in the league. They realize they've got to make some changes. I look for one of the busiest trading seasons in years."

The personable Bavasi made no bones over the fact that he was looking for a starting pitcher or two. He blames the lack of sufficient good pitching down the stretch for the loss of the pennant and expects to remedy this situation either before or at the Minor-Major convention in December.

The young Dodger official held several chin sessions with Gabe Paul, new Cincinnati general manager, in an effort to pry loose either Ewell Blackwell, Howie Fox or Herm Wehmeier, all better than fair right-handers. Paul was perfectly willing to let one of the trio go to Brooklyn but insisted upon one of the Dodgers' stalwart flycatchers, with special emphasis upon Duke Snider. Buzzy's counter proposal of rookie shortstop Bobby Morgan and a second string outfielder was rejected by Paul.

Yank Hopes Fade
Bavasi still hasn't given up hope of landing a redleg hurler and at a late hour was attempting to work out a three-way transaction involving Philadelphia. Although no one would comment, it was believed that Bavasi had interested the Phillies in a deal for outfielder Del Ennis, who would be turned over to the Reds for one of their right-handers. The Dodgers also were making a string bid for a Chicago Cub pitcher, supposedly right-hander Bob Rush.

The New York Giants and St. Louis Cardinals, who had been on the verge of announcing a player swap a week ago but called it off at the last minute, were trying to pick up where they left off and may announce a trade soon. Another possible trade, still in the talking stage,

STAGG AT 89 CELEBRATES

Selinsgrove, Pa., Nov. 20 (AP)—Eighty-nine-year-old Amos Alonzo Stagg, celebrating his first unbeaten football season in 27 years, said today he feels "very jolly."

"As the Englishman said, I have had a jolly good time this season," Stagg told a reporter as he opened scores of telegrams congratulating the dean of college grid coaches.

Susquehanna university's Crusaders finished their six-game season Saturday with a perfect record by downing Ursinus, 19-14. The Crusaders are coached by A. A. Stagg senior and junior with strategic help from Mrs. Stagg senior.

"I haven't had this feeling since 1943 when I was voted coach of the year," the spry, chipper Stagg said. "It's definitely the best team we've had in the five years I've been here." Stagg rattled off in machine-gun fashion his previous unbeaten seasons at other colleges—1899, 1905, 1907, 1908, 1913, 1922, 1924.

Stagg and his wife, Stella, his long-time scouting assistant, left by train for Washington where they were to be the guests of the Touchdown club and the University of Chicago alumni.

TENNESSEE IS BACK ON TOP AS GRID TEAM

By WILL GRIMSLEY

New York, Nov. 20 (AP)—Tennessee reclaimed No. 1 position in the Associated Press football poll today, pushing Michigan State back into the runner-up spot.

The Sugar Bowl-bound Volunteers, who meet Kentucky Saturday in one of the top games of the day, received 60 of the 166 first-place votes cast by sports writers and broadcasters across the nation.

The Vols won their eighth straight game last week-end, smashing Mississippi, 46-21. Michigan State's Spartans, meanwhile, had a tight squeeze with battered Indiana before prevailing, 30-26.

Tennessee and Michigan State have staged a nip-and-tuck battle for national honors from the very start of the campaign.

The Spartans led the first two weeks, California barged in for a single week on top and then Tennessee took over for a three-week reign. Michigan State shot to the front a week ago after a rousing 35-0 victory over Notre Dame.

Spartans Lost Lustre

The Spartans lost some lustre against Indiana and drew 38 first-place votes compared with 55 in the previous poll. They get another chance to impress the experts against Colorado Saturday.

There was no change in the personnel of the Top Ten, but the order of standings underwent a slight shakeup. Illinois, held to a scoreless tie by Ohio State, was the only member of the elite not to win its game.

The Fighting Illini tumbled from third to sixth place while Stanford and Maryland, impressive winners over formidable rivals, pushed to the front of contention.

Stanford leaped to third place on the strength of its 35-14 triumph over Oregon State. Maryland, already named as Tennessee's opponent in the Sugar Bowl, smothered North Carolina State, 53-0, and won fourth place.

The Indians, apparently assured of a Rose Bowl assignment, received 18 first place votes while Maryland collected 26. Both rated more than 1,000 points on the basis of ten points for a first place vote, nine for second, etc. Stanford had a total of 1,193 and Maryland 1,167.

Princeton Advances

Princeton, working on football's longest current winning streak of 21 games, also moved up a notch, from sixth to fifth. Georgia Tech finished seventh and Wisconsin, Kentucky and Baylor held firm to their positions of 8-9-10.

Stanford's perfect record is threatened this week by the game in Palo Alto with California. Maryland closes with West Virginia Saturday.

Princeton plays Dartmouth, Illinois meets Northwestern, Georgia Tech clashes with Davidson, Wisconsin opposes Minnesota and Baylor faces Southern Methodist.

Hagerstown, Md., Nov. 20 (AP)—Interstate League baseball teams will play a 140-game schedule next year, officials representing the eight clubs decided at their fall meeting yesterday. The Class B league will begin its schedule April 23 and finish September 1, according to present plans. The group elected Frank Spair of Harrisburg, Pa., vice president, and Jimmie Walters of Trenton, N. J., statistician. Gerald P. Newton of Conshohocken, Pa., who is serving a two year term as president, presided.

Involved shortstop Roy Smalley of the Cubs and first baseman Earl Torgeson of the Boston Braves. A spokesman of the New York Yankees said the world champions had just about given up hopes of acquiring ace Ned Garver from the St. Louis Browns. He admitted the Browns had rejected a proposition that would have transferred five Yankees to the cellar dwellers. He declined to name the five.

In addition to those mentioned the following are members of the squad: Seniors, Raymond Goodermuth, William Heyser, Francis Washington and Jack Miller; Juniors, John Beegle, George Bender, Richard Boyd, John Carter, Richard Carter, Richard Dayhoff, William DeHaas, Skip Fisel, Randall Hill, Robert Hixon, Ronnie Miller and Jay Sixeas; sophomores, Fred Baker, Peter Daughman, Clifford Chapman, Jim Coleman, Raymond Creager, Terry Goodermuth, Paul Ketterman, Elton Martin, Stanton Musser, George Penn, Robert Rohrbaugh, Danny Roth, Jay Schmitt, Leroy Shindler, Kenneth Smith, Albert Sterner, Edward Sterner, Pete Wilson and Roger Zelen.

Fairfield—Forfeit.

Long Meach, Calif., Nov. 20 (AP)—

Mrs. Katherine Young, 59, was looking in the telephone book for the number of a friend.

The book fell. As she picked it up, her glance caught on a name, Jacob H. Koch. It was the name of a son she had not heard of for 39 years.

A phone call brought about a reunion and disclosed they had been living only 15 miles apart for almost 10 years. Koch, now 40, lives in Inglewood, Calif.

DISPUTE JUDGE ON GRID VICES

New York, Nov. 20 (AP)—Some college athletic leaders were quick today to dispute a New York judge's accusation that football and basketball are sordid big business deals.

But a committee of seven college presidents, meeting in Washington, agreed "something must be done" to remove whatever evils are in the intercollegiate athletic program.

And in Chicago, Hugh Willett, president of the National Collegiate Athletic Association, said a substantial majority of the organization's 320 members supported a 12-point program for tighter controls on college athletics.

Basketball and football came under the fire of General Sessions Judge Saul E. Streit in a 41-page statement issued yesterday shortly before the jurist sentenced a basketball player to 10 years in prison on terms and gave nine other ex-players suspended sentences.

Approximately 45 players attended a meeting in the Gettysburg high school gymnasium Monday evening for the purpose of reorganizing the Community Basketball league which is sponsored by the Recreation association.

phases in intercollegiate football and basketball are rampant throughout the country," said Judge Streit. He said the nation's schools are courting an "atomic athletic scandal."

The jurist blamed college authorities, alumni and coaches—labelling as "despicable" the attitude of many big-time coaches. He advised the schools to clean house in a hurry or have Congress or the states do it for them. Judge Streit singled out Oklahoma, Texas, Texas A. & M., Southern Methodist, Pennsylvania, Tennessee, Maryland and Kentucky as examples of over-emphasis in football.

Sports Roundup

By HUGH FULLERTON, JR.

Washington, Nov. 20 (AP)—It was unfortunate that Judge Saul E. Streit, sentencing the basketball fixers, turned loose a terrific blast against intercollegiate sports on the

Saylor the Texas Lunch, last year's champs, and Don Sterner the Mack's Atlantic outfit.

A final reorganization meeting will be held next Monday evening in the high school gym at 7:30 o'clock. Anyone interested in playing or entering a team is requested to get in touch with Donald Joseph, Recreation director, as soon as possible. The league is expected to start play the first week in December.

same day that a committee of college presidents launched an earnest attempt to get at the source of trouble. . . . And, after listening in on part of the meeting here, we suspect that the prexies will have trouble understanding why the judge's remarks would get more space in the papers than their quiet effort. . . . They made it clear that they don't want much publicity about their doings until they arrive at some sort of conclusion. . . . But they also suggested plaintively that the newspapers could "do a great public service" by emphasizing the good things about college sports instead of its sins. . . . Out of respect for their well-founded fear that their efforts might be subjected to "needling" from cynical sports writers, we'll refrain from saying that we heard of a good thing at Bowie, but it didn't pay off.

Today's Talk

BY GEORGE MATTHEW ADAMS

DIFFICULTIES

Henri-Frederic Amiel tells in his famous diary of listening to an inspiring sermon and he commented: "It was borne in upon me that for some men difficulties are a source of inspiration." He might have added that all men, who have ever accomplished anything worth while, have been those who have experienced difficulties.

Think of the difficulties that every inventor goes through—trying again and again to accomplish what he set out to achieve. Edison went through a multitude of tests and trials before he arrived at his electric light. Look at our modern automobiles or our great high speed printing presses and there you see the triumphs over difficulties—and there is no end to what improvements will do in regard to all useful things.

Difficulties stir the mind, give power to the will and determination, and inspire us all to try again and again. I never forget the sign that I noted on my way to work one day. It was that of a contractor and it said: "Builder of Difficult Foundations." Here was a man who deliberately chose the job of doing the difficult thing!

We are challenged when a difficult problem is placed before us. There will always be those who will say that a certain thing cannot be done—but there are always those, as well, who will do it anyway! They are the builders and inspirers of the world.

It's only the difficult things that stir the imagination and keep it at white heat, from which many a great enterprise is forged. The easy jobs are getting scarcer every day and there are fewer who want to fill them. Difficult jobs pay better, offer quicker advancement and give one greater personal pride.

The diamond is the most beautiful and costly of all precious stones, yet think what difficulties face it before it is ready for the jeweler to sell. Think of the difficult digging in the mines and the long careful labor in its perfect polishing. Life is difficult—but it can be made beautiful!

Tomorrow Mr. Adams will talk on the subject: "The Great Little Things"

J. A. Danner's window on Baltimore street presents a Christmas-like appearance. The team of reindeer attached to a sleigh is the handy work of John Good, of this place.

He Disappeared: About two weeks ago, a man giving his name as C. Boyler, came to the Globe Hotel, this place, and engaged quarters for himself and a horse. He posed as a salesman for a wholesale firm, and as his business required considerable driving, he hired a horse from Lewis Ramer for which he was to pay \$2 per day, and left his horse, a poor one, at the hotel. The fellow left with Mr. Ramer's horse and has not been seen since.

Danger from Dirty Streets: Should small pox become evident in Philadelphia, it is more than probable that the infection will be carried to other parts of the state. This applies to Gettysburg, as we are in closer touch in merchandise, mail and personal intercourse than with any nearby large business center.

It is a well recognized fact that all germs and particularly those of this most loathsome disease are best nourished and spread by filth. Never have our streets, and notoriously those most traveled, been in a worse condition. Whose fault may be, it is not with us to say, but that this evil be corrected at once is an imperative duty in view of the present menace to the health of the community.

ARMY LOOKING FOR ITS HERMIT

Aberdeen, Md., Nov. 20 (AP)—Peter Grainger, self-educated New Mexico hermit who joined the army to do some gun fightin', was on the AWOL list today.

His disappearance a week ago last Sunday was just as casual as his start of army life November 3 in San Antonio.

The 26-year-old mountaineer was waiting along with five other recruits for a short bus ride to the army proving grounds here after a cross-country train trip.

One of the recruits quoted Grainger as saying, "I think I'll take a walk and see what Aberdeen looks like."

He's had nine days to see the town now and yesterday the army officially made him absent without leave. Military police throughout the country have been alerted to watch for him.

The only report on Grainger's whereabouts came from Waukesha, Wis. A man who said he was Grainger and who resembled pictures of the mountaineer showed up there Friday to meet Carol Amidon, 17, who struck up a "pen pal" relationship with Grainger after reading about him in the newspaper. He said a date with Carol—which he said was his first. He left Waukesha Saturday by bus, saying he was due here yesterday.

Grainger startled San Antonio recruits when he sauntered in and told them, "I buried paw on top of a

mountain and then set out to join the army."

ARCHERS MAY HUNT

Harrisburg, Nov. 20 (AP)—The Commonwealth has opened Hickory Run and Cook Forest state parks for

bow and arrow hunting during the antlerless deer season, December 14-15. One deer will be the individual bag limit in the two parks—the same as in regular hunting areas. Hickory Run park covers

some 13,386 acres partly in the Pocono mountains, in Carbon county.

Yale university was started on October 9, 1701, with the donation of some books by a group of clergymen.

At the annual fall dinner-meeting of the Conference of the Roses Monday evening at Manheim, R. W. Swank, Palmyra, was elected president. Charles Grill, Solanco, was chosen vice president, and Allen Hammon, Ephrata, was re-named secretary-treasurer.

Ephrata was awarded the 1951 trophy emblematic of this year's football title and also gained its second leg on the "traveling" trophy. Announcement was made by West York that it will withdraw from the conference effective in 1953.

Attending the meeting from Biglerville were Arthur Gordon, Charles Yost, William Coradetti, Hobart Benchoff and Bruce Sheets.

FACES TRAFFIC CHARGE

Borough police have charged Raphael M. Redding, 262 Baltimore street, with failing to stop for a blinking red traffic light at Buford avenue and Chambersburg street at 1:45 a.m. on Saturday. The information was signed before Justice of the Peace John H. Bashore.

RALPH E. ARNOLD

(Continued from Page 1)

keynoting the convention, said, "In business we have learned that restrictions are necessary for the general well being of our population. As our industry expands and our technical progress continues, we must give up certain freedoms. New laws are necessary to take care of new situations and regulations that are adequate today may be totally inadequate tomorrow."

"So far we have not lost our basic freedoms, but what does alarm us is the accelerated trend within the last 20 years toward more government controls that are not necessarily required by our advancing material progress but are disguised as being necessary for the good of the great number of people. Whether this trend is called a New Deal, or a Fair Deal, or a Welfare State, it adds up to a trend toward socialism."

"Unless the people of this country want more control by government and less freedom, then this trend must be checked. If industry is to remain free and in the hands of private ownership it is business itself that must carry the ball. American industry has given this country the highest standards of living in the world, and yet it doesn't enjoy the friendship of all our population. If industry is to survive in its traditional American form it must accept the responsibility of helping to keep it that way."

Among speakers at the convention today were Alan R. Warehime, manager of the Hanover Canning company; Elmer Yoder, sales manager of the C. H. Musselman company, and Carlos Campbell, executive secretary of the National Canners association.

8 CLUBS SEND

(Continued from Page 1)

Bender district greetings. It was announced that the state convention will be held June 19, 20 and 21 at Bedford Springs.

Likes Good Projects

Mr. Heidebaugh declared that "good programs go a long way toward good attendance. West York members know far in advance what programs or types of programs we are going to have. The club bulletin should be informative and should make members want to attend meetings."

He said fellowship should be promoted and pride and selfishness should be avoided. "You cannot expect to have good attendance at meetings if you do not have good fellowship. We notice that whenever we are in the news, with a new project for the community, we have better attendance, and we interest others in the fact that we are not just a dinner club."

Dr. McBride said the "golden deeds" project is 34 years old. Its purpose, he said, is to recognize persons whose work during the past year in volunteer service has been outstanding. "One who has recognized a need in his or her community and has gone ahead and done something about it."

Model Plane Projects

In speaking of model aviation, Mr. Aldsworth said that a youth, to build model airplanes, must be "a little bit of an electrician, a bit of a machinist,

a paperhanger, and a cabinetmaker or carpenter. Any youngster who uses his head and his hands this way can never give anyone any trouble." Model aviation is a project of Exchange, he said, and added that the next eight national meets will be sponsored jointly by the National Exchange club and the U. S. Navy.

Mr. Anstine summed up what other speakers who preceded him said, and declared that "the age in which we are living is one of the greatest in history. The speed and tempo of the times must creep into our own club activities."

Mr. Anstine said that Exchange had always been a strong proponent of national defense and a sufficient army and navy, but he said: "I believe Exchange is going to have to devote our thinking and efforts toward international peace. We can build support for the UN, but we must not forget our enemies within — corruption in government, crime,

lack of religion and appreciation of values." Mr. Anstine quoted Abraham Lincoln, that if America is to be destroyed, it will be from within.

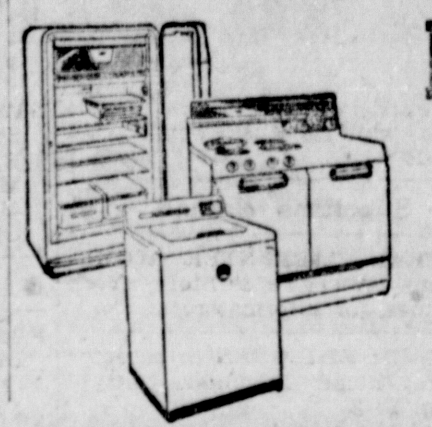

Some Lose Faith

"We are going to have to realize that a large segment of America has lost faith in American ideals and would vote for anything which promises more for less," he said. "As we look toward a new year in Exchange, let us look to the moulding of better

men, and we'll be building a better America."

During the dinner program, Bernard Kessler, Waynesboro, was song leader, with Francis Keefer, Waynes-

boro, at the piano. Two solo numbers were given by "Skip" Fooro, Waynesboro. The conference closed with the singing of "God Bless America."

NEW JOBLESS PAY PLAN UP

Harrisburg, Nov. 20 (AP) — A far-reaching proposal to alter jobless benefit taxes for some 66,000 Pennsylvania employees was reviewed by state officials today.

The proposal was made in a report prepared jointly by Temple University and the state Bureau of Employment and Unemployment Compensation.

The report recommends abandonment of the present sliding scale of tax rates on Commonwealth employees in favor of a long-range single rate calculated on an insurance basis. It would result in tax contribution rate changes amounting to hundreds of thousands of dollars for most state employers.

Unemployment compensation taxes paid by employers now are based on a three-year experience of manpower turnover. Employers laying off few or no workers pay a tax of 1/2 percent of their payroll. The rate runs up to 2.7 percent as layoffs increase.

The proposed new plan would do away with the sliding scale payment rate and attempt to set up a uniform contribution rate based on long-range economic outlook for the state.

David M. Walker, state secretary of labor and industry, who administers the jobless pay program, said he is giving the proposed single rate calculated on an insurance basis "serious consideration."
